

The statement went on:

Advocates of unrestricted abortion do not want the public to focus on these undeniable facts of fetal development, but the facts cannot be ignored. They may claim that abortion is a violent act, not against potential life, but against a living, growing human being, a life with potential.

Governor Casey subscribed to that belief.

Mr. Speaker, let's be clear. Intentionally stopping a heartbeat is not healthcare.

H.R. 490 recognizes what science has already affirmed: that there is a baby growing in her mother's womb, one with her own distinct heartbeat.

Therefore, we have an obligation to protect the most vulnerable among us: to defend the defenseless.

How can our country continue to flourish and claim itself as a champion of human rights when we allow our society to rid ourselves of our own future generations?

That is why I came to the floor today to urge support for the Heartbeat Protection Act, to give our country a chance to reflect on some of the deeper questions and deeper values, to walk in solidarity with one another when one encounters a difficult situation, and to stand in each another's shoes with empathy.

Mr. Speaker, I urge my colleagues to support this legislation.

Mr. KING of Iowa. Mr. Speaker, I thank the gentleman from Pennsylvania for his eloquent words.

I hadn't heard the description delivered by Governor Casey in those years back. But Governor Bob Casey—God rest his soul—captured my attention years ago, 20 or more years ago. I had a quote from Governor Bob Casey, a Democrat, that I had on my bulletin board that I don't have to look up anymore. And it was this:

Human life cannot be measured. It is the measure itself against which all other things are weighed.

It rang so clear and true to me that I cut it out of the magazine and stuck it up on the bulletin board. His words echo in this Chamber today. I wish they echoed in his son over in the Senate the same way they echoed out of the mouth of Governor Bob Casey back in those days when he was denied the opportunity to speak before the Democratic National Convention because he is pro-life. And we look today and we see this issue has been more and more polarized. I hope that we can be more broad with this and that we can be more bipartisan than we are.

□ 1900

We do have bipartisan cosponsorship on this bill. It is narrow, but it exists.

I urge, Mr. Speaker, this body to take this bill to the floor. 170 cosponsors is further ahead than any comparable piece of pro-life legislation. To have that many cosponsors and a good number of other Members who have said, "I am not ready to sign on the dotted line, but you bring it to the

floor, and I will vote 'yes,'" I think we get to "yes," but we need to bring it here.

There are concerns that, well, if we pass it off the floor of the House, the Senate won't take it up. Well, we know they won't take it up if we don't pass it off the floor of the House.

There is concern about the Supreme Court. Of course there is. We have to challenge the Court. We are going to live with the 1 million abortions a year in this country until we are willing to challenge the Court and do so successfully.

I believe, Mr. Speaker, that we are going to see one or two more appointments to this Court in the next 2 or 3 or more years, and we need to get the bill off the floor, onto the desk of Leader McConnell so that it has a chance then to go to the President's desk, where I am very confident that President Trump will sign the bill. And then it has a chance to go—I am happy with it not being litigated, but we expect it will be litigated like every other effective piece of pro-life legislation.

I appreciate the attention tonight, Mr. Speaker, and the speakers who have come to the floor to weigh in for innocent, unborn human life and to lay out the path for the future that we have to follow here if we are to answer to God and country for that gift from God, which is life, in the first priority, then liberty, then the pursuit of happiness.

Mr. Speaker, I yield back the balance of my time.

LEAVE OF ABSENCE

By unanimous consent, leave of absence was granted to:

PUBLICATION OF BUDGETARY MATERIAL

STATUS REPORT ON CURRENT SPENDING LEVELS OF ON-BUDGET SPENDING AND REVENUES FOR FY2018 AND THE 10-YEAR PERIOD FY2018 THROUGH FY2027

HOUSE OF REPRESENTATIVES,
COMMITTEE ON THE BUDGET,
Washington, DC, March 6, 2018.

Hon. PAUL RYAN,
Speaker, House of Representatives,
Washington, DC.

DEAR MR. SPEAKER: To facilitate application of sections 302 and 311 of the Congressional Budget Act, I am transmitting an updated status report on the current levels of on-budget spending and revenues for fiscal year 2018, and for the 10-year period of fiscal years 2018 through 2027. This status report is current through February 23, 2018. The term "current level" refers to the amounts of

spending and revenues estimated for each fiscal year based on laws enacted or awaiting the President's signature.

Table 1 in the report compares the current levels of total budget authority, outlays, and revenues to the overall limits, as adjusted, contained in H. Con. Res. 71, as agreed to on October 26, 2017, for fiscal year 2018, and for the 10-year period of fiscal years 2018 through 2027. This comparison is needed to implement section 311(a) of the Congressional Budget Act, which establishes a rule enforceable with a point of order against measures that would breach the budget resolution's aggregate levels. The table does not show budget authority and outlays for years after fiscal year 2018 because appropriations for those years have not yet been completed.

Table 2 compares the current levels of budget authority and outlays for legislative action completed by each authorizing committee with the limits contained in the Statement of Committee Allocations of the Fiscal Year 2018 Concurrent Resolution on the Budget, published in the Congressional Record on November 2, 2017, for fiscal year 2018, and for the 10-year period of fiscal years 2018 through 2027. For fiscal year 2018 and the 10-year period of fiscal years 2018 through 2027, "legislative action" refers to legislation enacted after the adoption of the levels set forth in H. Con. Res. 71 and the Statement of Committee Allocations published in the Congressional Record on November 2, 2017. This comparison is needed to enforce section 302(f) of the Congressional Budget Act, which creates a point of order against measures that would breach the section 302(a) allocation of new budget authority for the committee that reported the measure. It is also needed to implement section 311(b), which exempts committees that comply with their allocations from the point of order under section 311(a).

Table 3 compares the current status of discretionary appropriations for fiscal year 2018 with the "section 302(b)" suballocations of discretionary budget authority and outlays among Appropriations subcommittees. The comparison is needed to enforce section 302(f) of the Congressional Budget Act because the point of order under that section equally applies to measures that would breach the applicable section 302(b) sub-allocation. The table also provides supplementary information on spending in excess of the base discretionary spending limits allowed under section 251(b) of the Balanced Budget and Emergency Deficit Control Act.

Table 4 compares the levels of changes in mandatory programs (CHIMPs) contained in appropriations acts with the permissible limits on CHIMPs as specified in section 5103 of H. Con. Res. 71. The comparison is needed to enforce a rule established in H. Con. Res. 71 against fiscal year 2018 appropriations measures containing CHIMPs that would breach the permissible limits for fiscal year 2018.

Table 5 displays the current level of advance appropriations for fiscal year 2019 of accounts identified for advance appropriations pursuant to the Statement published in the Congressional Record on November 2, 2017. These tables are needed to enforce a rule against appropriations bills containing advance appropriations that are: (i) not identified in the statement of the Chairman published in the Congressional Record on November 2, 2017 and (ii) would cause the aggregate amount of such appropriations to exceed the level specified in section 5104 of H. Con. Res. 71.

In addition, a letter from the Congressional Budget Office is attached that summarizes and compares the budget impact of legislation enacted after the adoption of the budget resolution against the budget resolution aggregates in force.

If you have any questions, please contact
Brad Watson.

Sincerely,

STEVE WOMACK,
Chairman, Committee on the Budget.
